**Begging the mercy of Lord Jagannath,
Lord Baladeva and Subhadra mataji**

**Pearls of Transcendental Instructions from Srila Prabhupada
to the Youth of Modern Scientific Age**

Hare Krishna! Devotees of Bhaktivedanta Institute, Kolkata pray to Lord Jagannath, Lord Baladeva and Subhadra Mataji for Their causeless mercy upon all. On this grand and auspicious festival of Sri Jagannath RathYatra, we also pray for the mercy of Srila A.C. Bhaktivedanta Swami Prabhupada and all Acharyas upon all of us.

On this auspicious occasion, we take the opportunity to present the transcendental instructions of Srila Prabhupada for the youth of modern scientific age. Srila Prabhupada invested a great deal of spiritual potency of his divine mission in Bhaktivedanta Institute in the form of his many transcendental instructions. All sincere devotees will be immensely blessed by these instructions on scientific presentation of Krishna Consciousness which are listed as follows:

- “Philosophy and science should be engaged to establish the glory of the Lord.”
- “Scientific knowledge engaged in the service of the Lord and all similar activities are all factually hari-kirtana, or glorification of the Lord.”
- “Therefore, all the sages and devotees of the Lord have recommended that the subject matter of art, science, philosophy, physics, chemistry, psychology and all other branches of knowledge should be wholly and solely applied in the service of the Lord.”
- “Advanced people are eager to understand the Absolute Truth through the medium of science, and therefore a great scientist should endeavor to prove the existence of the Lord on a scientific basis.”

– *Srimad Bhagavatam 1.5.22 Purport*

- “Although there are so many departments of knowledge, medicine, astronomy, etc., the science of God is still to be introduced. **When the scientists, philosophers, medical men will get the opportunity to study systematically what is God, what are His energies, what is my relationship, how to approach him, then only there will be paradise.**”

– *Letter, Calcutta, June 10, 1970*

To execute these transcendental instructions As They Are, Srila Prabhupada authorized and empowered H. H. Bhaktisvarupa Damodara Swami (Dr. T. D. Singh) with

full potency and pure devotion. He has great love and confidence on H. H. Bhaktisvarupa Damodara Swami. Srila Prabhupada has given him an extensive training spanning eight years and left many personal instructions with him. Srila Prabhupada made him the authority for Scientific Presentation of Krishna Consciousness under the banner of Bhaktivedanta Institute. Prabhupada desired that the scientific presentation on Krishna consciousness under the banner of Bhaktivedanta Institute be done under the leadership of H. H. Bhaktisvarupa Damodara Swami.

- “...we have formed one party of scientists under the leadership of **Sriman Svarupa Damodara Prabhu...** This party is our most important preaching arm with which we will be able to destroy the bogus speculation and cheating which goes under the banner of scientific advancement...”

– Letter to Amarendra Das, April 2, 1977

- “...request all **GBC’s** to send me a lists of all our disciples who have **B.A., M.A. or Ph.D. degrees.**”

– Letter to Svarupa Damodara, August 31, 1975

- “...**You are one of the strong pillars of the mission. So I have all confidence in you.** ... Be fully strong to push on this cult amongst the educated scientific circle...When you present more scientifically, they will be convinced.”

– Letter to Svarupa Damodara Das, Vrindavana, September 8, 1974

- “...**I have got great hope for Svarupa Damodara and his colleagues.** I want them to travel vigorously throughout the world to lecture in all universities and other institutions. **There is no lack of financial resources and we shall spare nothing to see this party’s success.**”

– Letter to Amarendra, April 2, 1977

- “...**Now you are perfect Vaisnava.**”

– Room conversation, Bhubaneshwar, Jan 30, 1977

- “... “Water has come from Krishna,” or “The earth has come from Krishna.” That may be blind. But if it is scientifically presented, how it has come from Krishna, then they cannot refute so easily. **So that I am engaging this doctor of chemistry, Svarupa Damodara and Raya Ramananda. Caitanya Mahaprabhu’s two personal associates, Svarupa Damodara and Ramananda.**”

– Vrindavan, October 31, 1973
